A New Age History of Aleister Crowley of the First 3 Decks (or Booklets?) of the Thoth Tarot. Aleister Crowley, the founder of the religion of Thelema, is one of the world's most controversial writers. The Book of Thoth by Aleister Crowley.[25]Aleister Crowley published four books of poetry during his lifetime, and books of "magick" written using the magical system Thoth. An Introduction To The Book Of Thoth[26]. The magical / occult meaning of the names and symbols within this graphic novel.Comparative anti-arrhythmic effects of compounds acting on the Na/Ca exchange, on the Na/K ATPase and on the sarcolemmal Na⁺-K⁺-ATPase. For preventing chronic arrhythmias the feasibility of using drugs stimulating the Na/Ca exchange, the Na/K ATPase and the sarcolemmal Na⁺-K⁺-ATPase has been assessed in vitro on chick embryo heart. In addition to ouabain, strophanthin-K, NKY, and Tc, the stimulations of the Na/Ca exchange by a Na-Ca-salt, of the Na/K ATPase by a Tc-ATP and of the Na⁺-K⁺-ATPase by a ouabain-like compound were tested. On the Na/Ca exchange, the increase of the amplitude of the transmembrane Na⁺-Ca²⁺ exchange was > or = 3.5 times larger than the increase of the amplitude of the Na⁺-Ca²⁺ exchange measured with carbachol. On the Na/K ATPase, only Tc significantly stimulated the pump activity. On the sarcolemmal Na⁺-K⁺-ATPase, both ouabain and its non-specific analogue produced a significant stimulation. The efficacy of the stimulation of the Na/Ca exchange, the Na/K ATPase and of the sarcolemmal Na⁺-K⁺-ATPase was the highest with Na-Ca-salt, then with ouabain, then with ouabain-like compound, but it was always less than the stimulation produced by Tc. Since the stimulation of the Na/Ca exchange is an indirect effect, a comparison with the stimulation of the Na/K ATPase and of the sarcolemmal Na
